18	Permissable Developments	Residential (High Rise + Low rise), IT Park, Commercial, Hospital etc.,
19	Permissable Total Built Up area	80000 Sq Ft per Acre

Boundaries - Sy No.1009(p)	
North	Phase – IX, Sy No.1009 (P)
South	CHIDCO, Sy No.1009 (P)
East	Sy No.1009 (P)
West	Sy No.78, Hafeezpet

SWOT Analysis:	
Strengths	Enjoys good visibility and frontage along the 80ft wide internal sector road
	Subject property lies in the established growth corridor with Hightech City with in its vicinity
	It has all requisite trunk facilities
	Reasonable number of catchment polulation in the neighbourhood belong to higher income groups
Weaknesses	Subject property is located off 120 ft wide JNTU road and is approximately 3.5 Kms away from NH-9
	Irregular shape of the land parcel may reduce development efficiency
	Reletively undulating site topography may result in additional filling, levelling leading to higher development costs.
	Nearness to railway line will act as a source of sound pollution
Opportunities	Upcoming residential developments in the neighborhood may act as a catalyst for potential development on the subject property
Threats	The Subject site can face a fair degree of competition from the proposed residential developments with in the vicinity.
